Ishka Transactions

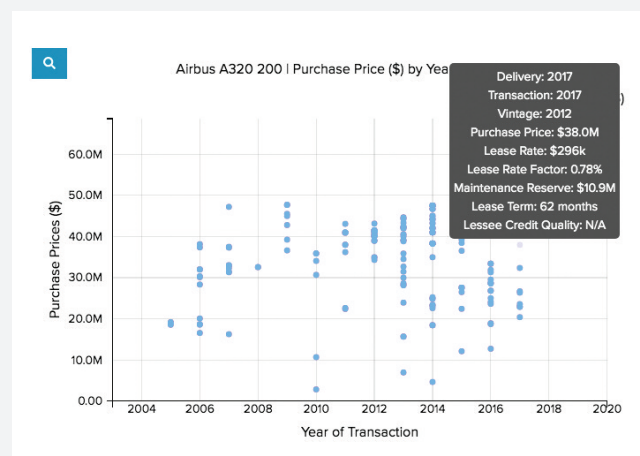

Unique intelligence on trends in aircraft transactions comprised of real pricing and deals data.

28,000+
Data Points

310
Airlines

82
Countries

- Aircraft purchase prices
- Lease rates
- Security deposits
- Maintenance reserves
- Loan terms and amounts and much more.

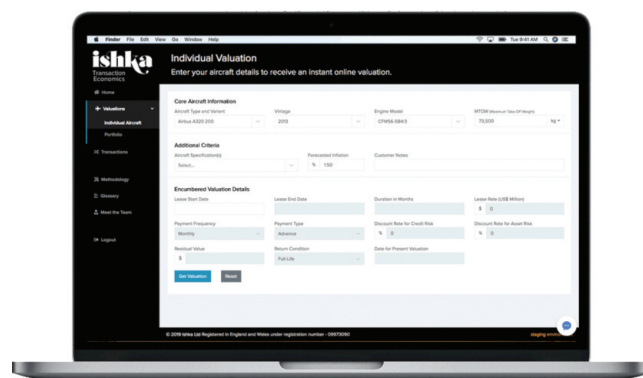

Ishka Valuations

Real deals data supports Ishka's granular and trusted analysis, together with a fresh approach to methodology for today's transaction environment.

Ishka delivers:

- Half-life and full-life current market and base values
- Generic values searchable by type, variant, build year, engine, MTOW and specification
- Generic monthly lease rates
- Forecast base values and lease rates looking ahead up to 20 years

- Includes lease encumbered valuation capability

In a highly competitive market, take your analysis to a deeper level
